

CASE STUDY

EquiLend Devonshire Square, EC2

Floor Area: 3200sq ft

Value: £185k

Programme: 6 weeks

The Client

EquiLend is a leading provider of technology solutions for the securities finance industry.

The Challenge

To create a corporate environment providing flexible client facing meeting facilities along with office space for 15 staff with room for expansion.

The Scope of Works

Space planning and design, Project Management, solid and glazed partitioning, lighting, power and data, air conditioning, comms room, telephone system, furniture, decoration, flooring, tea points, specialist joinery and relocation.

The Result

A contemporary, corporate environment providing flexible meeting rooms and spacious working areas. The design gives an elegant yet professional feel making the most of limited natural light through the introduction of glazed partitioning and feature lighting.
